

POMPE CALENDAR CALL FOR SUBMISSIONS

2019

Help the International Pompe Association create a Pompe Calendar for the year 2019. A Calendar to keep Pompe in the minds and hearts of all recipients throughout the year.

You can contribute to the monthly Pompe Calendar with a photo or artwork and a thought-provoking statement or question for each month.

How you can participate:

1) Submit a question/thought to be considered for inclusion on one month of the calendar

Is there a question or thought that is on your mind about Pompe? Something that you would like to share with the doctors, scientists, companies, and other patients? Something that you think should be on everyone's mind? If so, please submit the question/thought and an explanation of why you think it is important.

2) Submit a photo or picture of artwork to be considered for inclusion in the calendar

Please include a description of the artwork-what it means to you, and what you hope to portray to the international Pompe community through the art work.

3) Submit both a question/thought and artwork that goes with it

Please submit your contribution by email to webmaster@worldpompe.org

Deadline for submissions: Sunday, May 27, 2018
